

4th ANNUAL LEGAL EAGLE GATHERING - Northern California

Gathering of those interested in Leonard Milholland's Legal Eagles, Double Eagles and the Cabin Eagle. There are many builders and flyers in our area. This gathering will bring Eagler's together and share ideas, answer questions, motivate and create some camaraderie.

There will be flying Legal Eagles, Legal Eagle XL. Things to look at, rib building jigs, sample wing, questions answered. Lots of fun.

There are motels in town, about a mile away, camping at Sandy Beach and other local camp grounds. Contact myself or Gerry Nolan at gerrynolan@aol.com, 707-628-9987. There is an RV park in town, call ahead.

Rio Vista is next door to the Delta and a lot of Legal Eagle flying spaces. Great EAA chapter with lots of support. Several Legal Eagle and Double Eagle builders on the airport or close by.

Saturday September 30th , 2017

9:00 Coffee and Donuts

10:00-10:45 Flying the Legal Eagle UL XL

Rio Vista Municipal Airport 088

Rio Vista, California 94571

Legal Eagle - best described as a slow Cub. A real flying machine.

Check out youtube video of Rio Vista and the Delta: **[Legal Eagle XL Rio Vista to Oakdale](#)**

All parking on grass north side of hangers
